

Croscombe Parish Council

Clerk's Report to 4 Apr 25

There has been quite a bit of activity at the cemetery. There is to be an interment of ashes and memorial service on 30th April and a headstone to be erected on a fresh grave next week. There is quite a lot to learn about managing the cemetery and I have had communications with some new people, stonemasons, a vicar and funeral director as well as meeting with the family of the deceased at the cemetery to show them the plot. I have learnt to use parish online too. A very useful tool.

The planning portal is being managed well but I still have to get Joe's name changed on the official application letters they send out. This the team at Somerset Council do and I have had to remind them about all of my Parishes as they had changed none of them. I think this is an internal procedure.

I am meeting with the auditor next week and have to get everything ready for that file.

I am happy to answer any questions about my progress if there are any, since there is nothing of significance to report.
